

**babcock™**

# Creating a safe and secure world, together

We are proud to support our customers across a range of global defence programmes, both above and below the waterline.

Putting partnerships and collaboration at the heart of everything we do, our engineering expertise and innovative in-service support of complex naval assets and equipment underpins and sustains capability dominance for our customers worldwide, no matter where or when it is needed.

We look forward  
to welcoming  
you at stand 44.
